ABOUT ME

I am a person who is inspired by what I enjoy, which led me to the world of programming and development. I am eager to keep learning, face new challenges, and apply my knowledge in a new work environment. I have been using React and Angular as my main frameworks for over 3 years. This experience has equipped me with the tools to tackle challenges in my job and on my journey to becoming a better programmer.

WORK EXPERIENCE

06/11/2023 – 01/06/2024 Buenos Aries, Argentina
FRONT-END DEVELOPER ABS-TI SA

Web development for two big projects, one called Investors Trust, who is a financial Institution from EEUU and Allianz. I worked in the development of screens and features of both using Angular and React with TypeScript. My tasks were:

- Creating new features using clean and commented code.
- Fixing bugs and functionality issues.
- Creating and manage Git branches for different tasks using Jira.
- Participate in meetings whit the client to define the functionalities and notify about the progress of the application.

10/06/2022 – 01/11/2023 Buenos Aries, Argentina
FULL-STACK DEVELOPER 5SEIS | INNOVATIVE BRAND EXPERIENCES

Web development for multinational companies (META, Mondelez and Iveco) using various types of technologies, non-SQL database management and server configuration for projects. My tasks were:

- Decide which framework use between React and Angular for the projects the client's gave us.
- Develop the app in the chosen framework alone or in team depends on the size of the app.
- Have meetings with the client to determine the features and inform about the progress.

10/05/2022 – CURRENT Cordoba, Argentina
FRONT-END DEVELOPER FREELANCE

Development of apps such artist portfolios and tiny companies projects using React and hosting the apps on AWS Lightsail including the domain and maintenance of the app.

PROJECTS

Meta - Brand Experience

Development of the Landing Page and Mailing system for an international Meta event.

ABS-TI SA - Investors Trust

Development of a complex and structured financial app with a lot of functionalities and features, like Order Management, Broker Management and Securities Managements.

Mondelez - Expert Academy

Development of a courses website, that segments users by types and gives them different accesses within the auditorium of the page.

EDUCATION AND TRAINING

Buenos Aires, Argentina
